When the County assumes the role of Prime Contractor: Prior to the start of work/construction, a meeting between The County and the contractor will be held to review all applicable Municipal Rules, Safe Work Practices/Job Procedures, Personal Protective Equipment (PPE), and Hazard Analysis/Incident Investigation

The basic Personal Protective Equipment (PPE) requirements are: CSA approved steel toed safety boots, CSA approved hard hat, and CSA approved reflective safety vest.

Basic PPE is required at all times except when visiting in the Big Lakes County Administration building, in the Municipal Services Facilities, and in designated areas within the Big Lakes County maintenance shop and facilities
